FRANK STUART ADMITS HE HAD PISTOL

Cross Examination Made by Attorney John S. Barbour

AFTERNOON SESSION

Witness in Divorce Probe Unable to Say Judge Benefitted From Divorces Granted.

When the Bar Association committee which is investigating the divorce situation in Alexandria convened this morning, J. Randall Caton, secretary of the committee, stated that Rev. Dr. Regester wished to make a statement in connection with the request of the Ministerial Association that a grand jury investigation be instigated.

Dr. Regester stated that it had come to the attention of the Ministerial Association that statements were being made to the effect that the association lacked confidence in the investigation being conducted by the Bar Asociation, and he wished to relieve that impression; that the Ministerial Association had every confidence in the Bar Asociation's investigation, and desired to render every assistance posisble in clearing up the situation.

Mr. Caton submitted a supplementary report of cases he had examined in the Circuit and Corporation courts for a period of two years prior to Judge Moncure's elevation to the bench, and found that during that period 36 cases had been handled by the firm of Moncure, Davis & Budwesky, 33 in the Circuit Court and 3 in the Corporation Court, in which Mrs. Mary L. Baggett had been used as witness to the residence of the complainant, and that for a period of seven months in 1909 the average number of people claiming residence in Mrs. Baggett's house was approximately 27. Mr. Caton stated he had in his possession letters, some of them anonymous and some signed, relating to cases in which the writers claimed that they had been injured by irregular procedure; that he had written to those persons who signed the letters requesting that they appear before the invstigating commitee, but that none of them had been heard from further.

Chairman Smith stated that he had received a letter from Delegate Charles Henry Smith, at Richmond, objecting to the statement having been published that certain papers which were charged to him were missing from the office of the clerk of the court The chairman stated that there was no implication of any irregularity on the part of Mr. Smith, but that the statement was simply made that certain papers were missing from the records, and that they were charged to certain attorneys.

Attorney Frank Stuart was then asked to take the stand, and was cross-examined by Attorney John S. Barbour, of Fairfax, counsel for Judge Moncure. Under the questioning of Mr. Barbour, Mr. Stuart stated he had been practicing law since about 1913, and had been located in Alexandria since May, 1920. He stated that at Judge Moncure's insistence he had occupied the judge's country house from about October, 1920, to April, 1921, for which he paid no rent, but it was agreed that he should pay telephone and electric light bills and taxes, but that although he had offered to pay taxes, Judge Moncure had declined to accept a settlement, but had called his attention to certain articles of broken furniture, and defacement of paint on the house, for which the judge declined to accept payment.

Mr. Stuart stated that Judge Moncure on many occasions had urged him to go after divorce practice, which he always declined to do; that the judge insisted upon Stuart going to his office early in the morning, and remaining there during the lunch hour when other attorneys were out of their offices, thereby securing clients.

Mr. Stuart stated that finally, Attorney Charles Henry Smith, at the request of Judge Moncure, went to Stuart with papers in a divorce case and requested Stuart to sign the answer to the complaint, which he did on the assurance of Attorney Smith that everything was in order. That later the judge spoke to him about some irregularity in the case, which was styled Baggett vs. Baggett, and several times later his attention was called to it by the judge, until he began to think he must have committed some heinous offense in signing the papers. He said the impression in his mind was that the judge wanted to say that he, Stuart, was guilty of practices of which possibly the judge himself was guilty.

In his earlier testimony Mr. Stuart said that before coming to Alexandria he had heard a good deal about the conditions here: that he had understood that Alexandria was controlled by a gang of politicians, and that the judge of the Corporation Court was part and parcel of this gang.

Under cross examination Frank Stuart in reply to a question of Attorney Barbour admitted that on the day he went to the office of Judge Moncure when the judge told him about a report that he had whiskey at a fire engine house on election he was armed with a pistol and would have used it if he deemed it necessary.

Mr. Stuart told of furnishing some data to a Washington newspaper man forming the basis of cretain articles that appeared in a Washington paper about the divorce situation here. His idea was he admitted that it ought to prevent the re-election of Judge Moncure by the legislature.

When asked whether or not he had any facts to lay before the committee to show that Judge Moncure had derived any pecuniary benefit from the divorces granted here he admitted that he had not.

Mr. Stuart admitted that he was not responsible for all of the articles about the divorce situation that appeared in a certain Washington paper He also denied that he received money from The Washington Times in payment for aid given in working on the divorce proposition, but said he had received a check for $50 for an appeal case from a decision against a Times newsboy charged with crying papers on the street, which is to be heard in the corporation court.

Attorney Barbour read to Mr. Stuart the introduction of one of the first articles that appeared in a Washingon paper about the divorce situation here which among other things set forth that certain charges had been preferred against Judge Moncure by the Bar Association "Is that true?" asked Mr. Barbour." This raised of ire of Mr. Stuart who arose and said, "Don't talk to me like you are talking to a common dog."

Mr. Stuart thereupon declared that certain members of the bar would hav filed charges against Judge Moncure, but that Judge Moncure's election was hurrid through the legislature.

Barbour then informed Mr Stuart that there was no bar association existing in the city at the time the article was written. Mr. Stuart denied that the Washington Times had asked him to get other names than his own to the petition about to be filed against Judge Moncure.

Mr. Stuart declared that they have other charges he did not care to disclose at the present time. Asked where he got the information that Alexandria was "The Little Reno of the East." Mr. Stuart told of seeing it some time ago in a Baltimore paper.

Mr. Stuart was still being questioned by Mr Barbour when The Gazette went to press. Practically every attorney in the city was present at the hearing, and a large crowd of spectators, including many ladies, thronged the courtroom.

WASHINGTON DAY BY DAY

Washington, March 3.—The Senate started work today on the four-Power Pacific treaty with the Republican leaders confident that it and all other treaties resulting from the Arms Conference would be ratified by safe margins. Analysis of the vote on the Yap treaty shows that the contentions of the leaders that all the treaties would be ratified seem to be justified as the margin of the vote on the Yap treaty was so great as to make almost a small revolution necessary to defeat the other treaties, and that is not in sight at present.

Majority leader Lodge is hopeful that a vote on all the treaties may be reached by March 15 or shortly thereafter. Although an oppropriation bill has the right of way in the Senate today, it will be laid aside if not disposed of quickly and the four-Power treaty will be taken up at once.

Opposition of Secretary of the Treasury Mellon to the plan of the Ways and Means Committee for issuance of adjusted service certificates in the place of the cash bonus was predicted today by attaches of the Treasury Department, although no statement will be forthcoming until the plan has been perfected and presented to Mr. Mellon.

The basis of Secretary Mellon's opposition will be that the service certificate plan will mean an unwarranted inflation of the nation's currency and that it will make certain that the cost of the bonus will be in the neighborhood of $5,000,000,000 instead of the $3,300,000,000 estimated as the cost of the bonus bill as it is now written. Sometime ago the proposition of adjusted service certificates was made together with the proposal that the Federal Reserve Board should undertake to finance the loans that would be made on these certificates. Secretary Mellon vigorously opposed that plan as being a greater menace to the financial stability of the nation than the bonus bill as now written, and there is no doubt, it is declared, that he will see in the pending proposition of the Ways and Means Committee the same objections that he saw to the previous plan.

Following out the provisions of a recent act of Congress, Royal A. Haynes, U. S. Prohibition Commissioner, is making preparations for the concentration of the 38,000,000 gallons of whisky now stored in government bonded warehouses.

"Assistant Prohibition Commissioner West," said Mr. Haynes today, "has been assigned the duties of putting into effect this provision of law and is now busy drafting regulations for the approval of the Commissioner

(Continued on page three)

OPPONENTS OF PACIFIC PACT ARE GAINING

Freely Predicted That Treaty Can Only Pass With Modifications

MARGIN OF ONE VOTE

Senators Hitchcock and Jones Announce They Have Changed to The Opposition Side

Washington, March 3.—The opposition to the Four-Power Pacific treaty gained ground in the Senate yesterday, and the pact is now in jeopardy, with a shift of one or two votes likely to determine its fate.

That the treaty can not go through without reservations was freely predicted in opposition circles, and Administration senators failed to retain first blush of confidence which came following the ratification of the Yap treaty Wednesday.

A disturbing change in the situation, from the Administration viewpoint, came when Senator Hitchcock, ranking Democrat of the Foreign Relations Committee, who had been counted a supportr of the Four-Power pact, announced in a Senate speech that he had "reluctantly made up his mind to oppose it. Soon afterward Senator Jones, Democrat, New Mexico, virtually came out in opposition, and there were lost two votes upon which ratificationists had counted.

Senator Borah and other Republican irreconcilables estimated that when the vote comes the 14 Democratic votes promised by Senator Underwood will have dwindled to 7 or 8. If this comes true, the treaty will meet defeat.

The pact seemed dangerously near the prospect of defeat today. It may be rescued by the inclusion of strong reservations which will go further than the compromise Brandegee reservation agreed upon in committee.

It was estimated at the Capitol yesterday that so close is the Four-Power treaty fight that one vote may determine.

Three senators favorable to the treaty are absent. Senators Du Pont, Delaware, and Crow, Pennsylvania, are away because of illness. Senator Owen, Democrat, is in Europe. That reduces the Senate vote to 93, assuming all other senators are present. Thirty-two opposition votes will defeat ratification, and the Democratic irreconcilable combination claim to have 29 or 30 in sight, with only two or three recruits to be gained from a doubtful list of nearly a dozen.

Because of the uncertainty, the treaty vote probably will be delayed for some time while the Administration and Senator Underwood bring pressure to bear on the recalcitrants.

WILL REPORT ON YEAR'S WORK

Chamber of Commerce to Hold Annual Meeting March 17

Much Progress Made By Organization During Past Year Under Direction of President W. Albert Smoot

Plans are being made for the annual meeting of the Chamber of Commerce which will be held the night of March 17 in its auditorium. At this meeting reports on the work accomplished during the new year will be submitted and directors will be elected for the year.

These reports will be submitted by W. A. Smoot, president; J. T. Preston, secretary-treasurer and Capt. George H. Evans, business manager.

During the past year this organization has been wonderfully successful and many of, its plans for a greater Alexandria already are bearing fruit and the indications are that many others suggested will be put over before the passage of another year.

Every member of the chamber is cordially invited to attend this meeting which will be one of the most important of the year.

Dr. Rixey Dies in Culpeper

Culpeper, Va., March 2.—Dr. Alfred Rixey, aged 60, died yesterday morning at his home after a lingering illness.

Dr. Rixey was a son of the late Dr. Samuel Rixey. He was prominent in Masonic circles and widely known throughout the State. At his request, he was buried the day of his death in the Masonic Cemetery. Services were conducted by the Rev. Mr. Hammond, of St. Stephen's Episcopal Church. Surviving are one brother, Robert H. Rixey, of Culpeper.

If Cuba had the same density of population as Porto Rico, its population would be 15,140,730.

VIRGINIA NEWS PARAGRAPHED

Richmond—Tentative plans for the new $500,000 American Legion Club, to be erected in the vicinity of Fifth and Franklin streets, were discussed at a special meeting of the executive committee of the organization held yesterday afternoon at 4:30 o'clock in the Bank of Commerce and Trusts. Nothing definite was acted upon at the meeting, but the executive committee will meet again within a few days for a further discussion of the project.

Petersburg—The Garden Theater was destroyed by fire of unknown origin late last night and other adjoining buildings in the very heart of Petersburg's business section were threatened. Heroic effort of the city's entire fire-fighting apparatus prevented great loss and confined the flames to the theater. Loss thus far estimated aggregates $35,000.

Petersburg—Everett Marks, who has been confined in the city jail in connection with the killing of A. W. Heath and Melton Ford, in Dinwiddie County last Saturday night, has been taken to Dinwiddie County jail, where he will remain until the coroner's jury tomorrow night, which will be held at 8:30 o'clock at J. T. Morris & Sons' undertaking establishment on Sycamore street. Marks continues to remain silent.

Danville—A verdict for the defendant in the case of Mrs. Jennie Edmunds Moss, wife of the city auditor, against W. E. Fulton, local dairyman, was returned in the Corporation Court this evening. The action was for $10,000 and started on Monday. Mrs. Moss, who was a typhoid patient last summer, claimed the germ came from milk furnished by Fulton.

Suffolk—Herman Chappell, former A. E. F. soldier and prominent young man of western North Carolina, was murdered on his own premises last night near Rich Square, N. C., by a negro named Lawrence, former overseer of the far mon which Mr. Chappell was working.

Playgrounds Re-Open

Host of Delighted Children Are Awaiting First Sign of Spring to Begin Their Carefree Activities

The children of the city are delighted. The Friends' Playground has been opened for the summer after having been closed for since January 1. Although the weather for the past few days has not been favorable to outdoor sports, Miss Evelyn Howard, who is in charge of the playground, says that many of the kiddies have been around to look over the prospects for the coming warm wather. The kindergarten classes have been resumed in the playground house. The swings, slides and every thing have been unpacked and are ready for the first spring day. The basket balls have been pumped up and are waiting upon the weather before they begin their season's work The playground is located in the old Friends' Burying ground on Queen street, between Columbus and Washington streets, and is open to all children of the city.

VISIT IS POSTPONED

Boy Pioneers to Visit Electric Plant Evening of March 10

The Pioneer Industrial Visitation to the Plant of the Alexandria County Lighting Company, which was scheduled for this evening has been postponed one week at the request of the General Manager of the Company, E. A. Feldtkeller. Mr. Feldtkeller who took personal charge of the visitation recently made by the boys was unable to be present this evening and had intended for his chief engineer to conduct the party through the plant. The engineer, however, has been called out of the city, hence the request for the postponement.

Pioneers troops No. 4, 5, 6 and 7, will therefore make the visitation the evening of March 10th The Visitation is an extremely interesting one, but rather technical and to some extent dangerous, and Mr. Feldtkeller thought it best to exercise every precaution to make this visit safe and profitable. The same troops will make the visitation on the 10th and prizes will be awarded for the essays resulting from the trip.

KIWANIS LUNCHEON

E. A. Feldkeller, superintendent of the Alexandria County Lighting Company, yesterday afternoon addressed the Kiwanis Club at its weekly luncheon, held in Westminster building. J. Y. Williams presided and boost prizes were delivered by J. Randall Caton. The luncheon was attended by a large gathering of members.

Early Morning Blaze

The two-story frame dwelling, 313 North Alfred street, occupied by Warren Ware, colored, was badly damaged by fire at 3:40 o'clock this morning. The blaze was caused by a defective flue, it is thought. The entire back part of the building was burned. For more than an hour the department was in service. A second alarm at 5:17 o'clock at the same place again brought out the department.

RESERVE BOARD ENCOURAGED AT TRADE OUTLOOK

Current Readjustments Bring Stability In Prices During the Month

HIGHER FARM PRICES

Continued Improvement Reported in Building Industry—Little Improvement in Unemployment Conditions.

Washington, March 3.—Improved conditions during February have furnished a "more hopeful prospect" for trade in the coming months, according to the monthly business and financial review issued yesterday by the Federal Reserve Board.

Change occurring in the various industries during the month, the board declared, have resulted in diminishing their irregularity and unevenness noted during the past year. Price stability was evidenced by current readjustments, the noteworthy advances in the prices of agricultural produces during the month being offset by corresponding declines in other lines of industry.

The readjustment process, the board asserted, apparently has reached the stage of interindustrial price revision, the advance in agricultural values tending to facflitate liquidation of loans at banks and the rapidity of movement of products to markets.

More satisfactory marketing and price conditions have included tobacco and other products as well as grain, the board stated ,although early reports from the Southwestern grain regions have not been altogether reassuring.

The better outlook, the board declared has to some extent been offset by labor and other difficulties in the textile industry, resulting in reduced activity, although fairly good conditions in the New England shoe and leather industry were reported.

Some increase in the activity of steel mills was noted, but business in the chemical industry was declared to have been given a severe setback as a result of uncertainty as to the future. Distinct increase in nonferrous metal production, especially copper, and the reopening of mines long shut down was reported.

Little modification in the volume of unemployment was seen, although continued improvement in building operations was said to have increased the demand for labor in parts of the country where the surplus of unemployed would otherwise have been more considerable.

BOOTLEGGERS PAY $15,000 FOR WATER

Newark, N. J., March 2.—Bootleggers who operate on the 'whisky curb" at Halsey street and Brantford Place were snickering yesterday at two of their fellows who let themselves be taken in by a couple of city slickers from New York to the extent of $15,000.

The gentlemen from New York arrived with tales of an aged and corrupt sea captain who had 25 barrels of smuggled whisky The Newark bootleggers accompanied them to the cache, tasted the liquor, found it thoroughly unconstitutional and paid over $15,000 for 12 barrels.

As they were carting it away one of the pair decided to take another sample. He bored every barrel without finding anything more intoxicating than sea water.

MANY ATTEND TEA

Plulathea Class Hold Successful Tea —Excellent Program Was Presented

The colonial tea given under the auspices of the W. F. Watson Memorial Philathea Class of the First Baptist Church in the Young People's building last night, proved to be a success. The audience was made up of more than 150 persons. The feature of theexcellent program was thegrand march and the singing of "Silver Threads Among the Gold," which was taken part in by the costumed members of the class. The members of the class were costumed in colonial fashion.

The program was carried out as follows: High School Orchestra, selections from 7:30 to 8; the class, grand march and "Silver Threads Among the Gold"; Mrs Linwood Nalls and Miss Ruby Bowman, piano duet; Miss Margaret Adams, reading; Miss Evelyn Howard, vocal solo; Miss Pauline Strauss, reading; Miss Sue Risheill, vocal solo; Miss Catherine Fairfax and Miss Mary Davis, dialogue; Miss Nellie Pierpont, vocal solo; Mr. Starnell and Mrs. Bolton, piano duet; Mrs. Harold Clark, reading; Mr. Alvin Friedlander, violin solo; Messrs. Frank Harris and Melville Bantist, instrumental duet; Mr. Harold Clark, reading; Miss Carolina Yates, piano solo, and the grand finale by the class.

At the conclusion of the program refreshments were served.

IN CONGRESS YESTERDAY

HOUSE

Met at noon and adjourned at 5 p. m., until noon today.

Representative Fess, chairman of the Republican congressional committe, in an extended speech reviewthe accomplishments of the Harding administration, and, presenting its record for the "people's decision," dclared the party gladly accepted the "challenge of our friends the enemy," who take their stand on the league of nations as the remedy in readjustment.

Representative Garner, of Texas, replying briefly, asserted that the Republican party had failed to bring prosperity to the farming and industrial communities, and declared that 4,000,000 men were now hunting for employment because of business depression.

Discussing the pending deficiency bill, Chairman Madden served notice on departmental officials that unless they kept expenditures within the amount allotted by Congress the President would be asked to remove them.

The chairman severely criticized the manner in which the appropriations had been administered in the Navy Department.

The elections committee reported to the House that Representative Doughton (Democrat), of the Eighth North Carolina district, was entitled to his seat.

Representative Clarke (Republican), New York, introduced a bill that would reduce the membership of the House from 435 to 217, increase the salary of the Speaker and Vice President to $15,000 and the compensation of members to $12,000 a year.

A compromise soldiers' bonus plan, under which the cash feature would be eliminated where the former service men would be entitled to more than $50, was agreed upon tentatively, but unanimously, by a special sub committee of the ways and means committee.

As a substitute for the discarded cash feature there would be added a provision which would enable the men selecting the certificate option to obtain immediately from banks a loan equal to one half the adjusted service pay on the basis of $1 a day for domestic service and $1.25 a day for overseas service.

At the conclusion of hearings yesterday on Muscle Shoals the committee decided in executive session to make a personal inspection of the project.

SENATE

Met at noon and recessed at 5:10 p. m., until 11 o'clock this morning.

Replying to a recent letter from Secretary Hoover to Senator Willis, of Ohio, in which the former said Senator Norris had made an "absolute distortion of the basis and intent" of his correspondence with the Attorney General on the subject of "open price" trade a sociations, the Nebraska senator in a brief speech denied that he had misrepresented the policy of the Secretary of Commerce.

The new pay schedule for the army, navy, marine corps. coast guard. coast and geodetic survey and public health service, as worked out by a joint congressional committee, was presented to the Senate in a bill by Chairman Wadsworth, of the military affairs committee.

A deficiency estimate of $2,110,000 for the Postoffice Department was transmitted by the President.

PRELIMINARY WORK BEGUN FOR TEMPLE

Typographical Maps Prepared of Site For Memorial

BORINGS START TUES.

Purpose is to Determine Character of Foundation — Masonic Memorial Will Face The East.

The preliminary work in connection with the construction of the $1,500,000 Masonic Temple to the memory of Washington the Mason, to be erected in George Washington Park by the George Washington Masonic Memorial Association, has been begun by D. J. Howell & Son, engineers.

They have prepared detailed topographical maps of the temple site and approaches to the temple. The topographical maps are for the landscape architects in order that they may properly prepare their plans.

Borings will be made next Tuesday by the engineers and four pits will be dug of sufficient depth to determine the character of the foundation. Other pits also will be dug around the side of the memorial by the engineers.

The twelfth annual convention of this association adopted a resolution February 22 while in session in Alexandria, appropriating the sum of $125,000 for the laying of the foundation, and it is expected that the cornerstone of the temple probably will be laid October 1 next, although a definite date has not yet been determined upon by the board of directors of the association

Cash on hand totals about $700,000 and this, with pledges given thus far, will bring the grand total up to $1,500,000. As heretofore stated, it is proposed to raise $2,500,000. About $500,000 will be used as an endowment fund for the upkeep of the temple.

The site will be at the top of the hill, and the center of the temple will be at a point about the center of King street. The front of the temple will face the east.

The temple will be 200 feet high and will be 160 feet in width and 230 feet deep.

AGREE UPON A PLAN TO RAISE BONUS FUNDS

Sub-Committee Unanimously Favors Tentative Plan as Compromise

PRESIDENT FAVORS

Scheme Also Meets Approval of American Legion Officials Now In Washington.

Washington, March 3.—A compromise soldiers' bonus plan, under which the cash feature would be eliminated where the former service men would be entitled to more than $50 adjusted service pay, was agreed upon yesterday tentatively but unanimously by a special subcommittee of the Republican members of the House Ways and Means Committee.

In the nature of a substitute for the discarded cash feature there would be added to the adjusted service certificate title a provision which would enable the men selecting the certificate option to obtain immediately from banks a loan equal t o one-half of the adjusted service pay to which they would be entitled on the basis of $1 a day for domestic service and $1.25 a day for overseas service.

In announcing the compromise agreement, Chairman Fordney said it probably would be a week before all details of the loan provision could be worked out and the original bill amended to conform to it. He expressed the opinion that the plan would be so well received by House members generally that it would not be necessary to submit the new bill to a party conference, thus speeding up the time of its submission to the House.

For the first time since the Ways and Means Committee majority began consideration of the bonus problem, an official statement of what happened behind the closed doors was issued.

It was prepared by Chairman Fordney and Representative Hawley, of New York, and said:

The subcommittee, consisting of Chairman Fordney, Messrs. Green, Longworth, Hawley, Treadway and Copley, have tentatively agreed upon and prepared a provision to be submitted which in substance is as follows:

The elimination of the cash feature of the bonus bill where the veterans are entitled to more than $50 adjusted service pay, but adding a new loan provision to the adjusted service certificate title which will enable holders of such certificates to borrow from any national bank, bank or trust company incorporated under the laws of any State, 50 per cent of the sum of the adjusted service pay prior to September 30, 1925. This date was fixed because after that time the bill as originally drafted by the committee provides for a larger percentage of loan by the government and has not been changed by the subcommittee.

Chairman Fordney and other committeemen said they believed the new plan would meet with general favor in and out of Congress for three reasons, which were summarized as follows in a formal statement issued by Representative Green, of Iowa, ranking Republican on the committee:

1. The needy veteran can obtain money as soon as his certificate is issued and in greater amount than is provided by the cash plan of the original bill.

No large drafts to be made on the treasury until the expiration of three years.

3. No new taxes required.

Word went around among House members that the compromise plan was acceptable both to President Harding and to officers of the American Legion, and late in the day, after there had been informal exchanges of views among members in cloakrooms and corridors, it was said that apparently a strong sentiment in favor of the new proposal was developing.

Cuba's 1919 crop is officially estimated as being worth $491,761,547, not including $5,000,000 worth of molasses.

DEVIL CITES SCRIPTURE

One of the most ingenious twistings and distortions of facts made to fit bolstered-up circumstances appeared yesterday in the columns of an esteemed contemporary in Washington. Where you find warped news you will generally find warped editorials. Even were this a paradox, which it is not, the times give it proof. For instance, in a leading editorial on Washington's Birthday last week, this same paper included in its eulogy on this greatest of Americans, a most cunning attempt to twist the facts of his life into an attack on our courts and our law-making procedure in general. Its very ingenuity and skilful argumentation lent it an appearance of plausibility that made it dangerous to those who do not have time to think out such matters for themselves. Many people rely upon the editorials of their newspapers for an interpretation of current events, which they often adopt as their own viewpoint. To hold our courts and our laws up to ridicule and contempt, is dangerous because it breeds a disrespect and lack of confidence in all law and government. The laws of a state, its law-making bodies and its judiciary determine its status in civilization. The United States bases its whole legal and judicial system on the English Common Law. The world, so far, has not produced its equal. Our courts and our judiciary are alike admirable and free from corruption. Washington was one of the greatest respecters of law and order and even ultra-conservative in his views regarding the established institutions of his time. To so manipulate his life and deeds and utterances as to lend even colorable support to an onslaught on our judiciary and system of laws is what we should term a pernicious and dangerous diabolism.

This brings us to a brief consideration of the adroit perversion of fact by means of incomplete quotations from our recent editorial columns so that we seemed to have reflected on our clergy and bar in our editorial on the divorce situation and its publicity in Alexandria.

Our esteemed contemporary sought refuge behind the cloak of the one and the mantle of the other. To foist itself in the category of either is to laugh! The Gazette is holding a brief for no individual, no class, no sect or vocation. Its clientage is and always will be the whole city of Alexandria. Its stand is taken for the community at large—which is the true sphere of a newspaper.

The pious, but snuffling attempt of the Washington publication to take its place in the ranks of the godly and the law-abiding brings forcibly to our mind the words of the immortal Bard, who said on an occasion:

"The devil can cite Scripture for his purpose.
An evil soul producing holy witness
Is like a villain with a smiling cheek,
A goodly apple rotten at the heart:
O, what a goodly outside falsehood hath."

TEETHING

Every child has two sets of teeth. The first set, known as the milk teeth, are twenty in number, and are followed when they drop out by thirty-two permanent teeth. The two lower front teeth generally appear when the baby is from five to nine months old, and in from one to three months later the four upper front teeth appear. Although this is a normal proces it is often accompanied by digestive disturbances and painful gums, but it is a mistake to attribute all illness at this time to teething and the doctor should be called if the baby seems really sick. The average baby generally has six teeth at the end of his first year, 12 teeth at a year and a half, but wide variations occur both in order and time of appearance and, unless very unusual, should occasion no uneasiness if the child seems well.

Careful feeding is very important during the teething period and if the baby is upset it is best to consult a physician about his diet. He need not be expected to gain for a few weeks and if he has no appetite he should not be urged to eat, but should be given frequent drinks of cool boiled water. After his teeth are through he will regain his appetite.

A healthy baby's mouth needs no cleansing before the teeth are through, but after his molars are through they should be brushed carefully with a soft brush that will not irritate his gums, and as soon as the baby is old enough he should be taught to do it himself. Sometimes people make the mistake of keeping a baby too long on liquid diet so that his teeth have no opportunity for exercise and do not develop properly. During his second year the baby should have a little dry food, hard crackers, dry toast or a hard crust at the end of his meal but he should be watched carefully while eating it to see that he does not choke. Much of the health of the second teeth depends upon that of the first, so a child's milk teeth should be examined by a dentist when he is about four years old to see that they are in good condition.

The first of the permanent teeth appear when the child is about six years old. Mothers sometimes mistake that sometimes leads to neglect and even extraction of highly important teeth. All but the last four molars, sometimes called wisdom teeth, should be through by the time the child is fifteen. The wisdom teeth may not appear before the 20th or even the 25th year.

There has been but one bank failure in Cuba during the last twenty years, and that of no importance, the institution in question having been a very small affair.

QUIT TOBACCO

So Easy to Drop Cigarette, Cigar, or Chewing Habit

No-To-Bac has helped thousands to break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a smoke or chew, just place a harmless No-To-Bac tablet in your mouth instead. All desire stops. Shortly the habit is completely broken and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if doesn't release you from all craving for tobacco in any form, your druggist will refund your money with out question.

I Gained 16 Pounds and Am Brimful Of New Life and Energy, Thanks to

TANLAC

says Thos. J. O'Donnell, 156 State St., Rochester, N. Y. Tanlac, by its action on the digestive and assimilative organs, builds up the entire system,

brings back the glow to your cheeks, the spring to your step and the glorious feeling of buoyant health to every fibre of your body. At all good druggists.

IF STOMACH IS BAD LET DIAPEPSIN END GAS, INDIGESTION

"Papes Diapepsin" has proven itself the sure relief for Indigenstion, Gases Flaturence, Heartburn, Sourness, Fermentation or Stomach Distress caused by acidity. A few tablets give almost immediate stomach relief and shortly the stomach is corrected so you can eat favorite foods without fear. Large case cost only a few cents at drug store. Millions helped annually.

CALOMEL GOOD BUT AWFUL TREACHEROUS

Next Dose May Salivate, Shock Liver or Attack Your Bones

You know what calomel is. It's mercury; quicksilver. Calomel is dangercus. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attack the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and it if doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

"Has this fellow no feeling of his business?
—Shakespeare

COMMONPLACE, uninteresting—so the restaurant business seems to you, perhaps. But to us it has the qualities of an art. An improved flavor, a bettered service, a richer brown to a roast, a perfected pastry—these are as dawns, vistas and tints in painting to an artist, superior expressions of genius. By this pride we insure your pleasure when you lunch in Washington. Come!

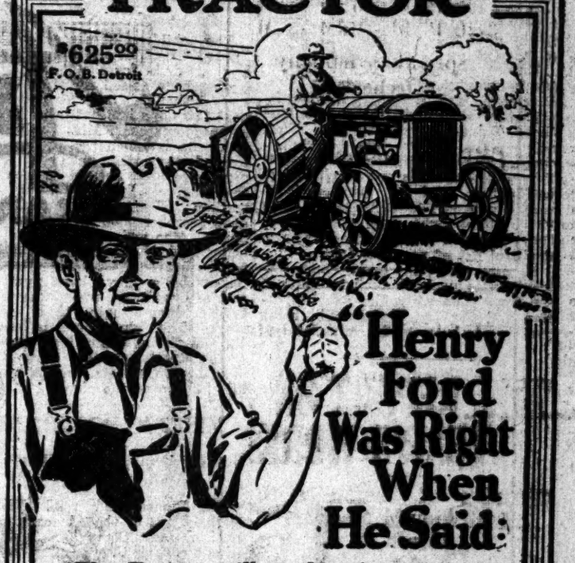
Fordson
TRACTOR



"Henry Ford Was Right When He Said:

'The Tractor will enable the farmer to work fewer hours in the day, giving him more time to enjoy life. I believe the tractor will make farming what it ought to be —the most pleasant, the most healthful, the most profitable business on earth'."

This tractor has done much—very much—in bringing true Mr. Ford's prophecy; for in it is a machine which has harnessed one of the most dependable, efficient, adaptable, economical sources of power in the world—a machine that saves from thirty to fifty per cent of the farmer's time — a machine which many farmers claim plows, harrows or drills as much ground in the same time as four, six or even eight horses. And more —a machine that takes care of every power job on the farm.

Call and let's talk it over, or telephone or drop us a card and we will bring the facts to you.

CITY NEWS IN BRIEF

Potomac Lodge of Odd Fellows will meet in regular session tonight in Odd Fellows' Hall, North Columbus street.

The Advertising Club will meet in the Chamber of Commerce rooms tonight at 8 o'clock.

Mrs. Charles Duffey who has been sick at her home in Harvard street, is improving.

Mrs. Birdie Magner and Mr. Warner Schreyer, of Washington, were married last night by Rev. P. F. Hall, at 7 o'clock.

Next Sunday morning Rev. P. F. Hall will preach the first of a series of Lenten sermons on "The Whole Armour of God."

Dr. B. H. Swain has been appointed coroner for all of Arlington county. Heretofore Dr. Swain has been coroner for only a part of that county.

The Columbian Players will meet in the Lyceum Hall tonight immediately following the Lenten Services in St. Mary's Church.

Mr. William Ale has received word that his mother, Mrs. Harry M. Ale, is quite sick at her home in Spring City, Pa. Mrs. Ale formerly lived in this city.

On Mondays at 8 p. m., a Mission Study Class on the Survey will be held in St. Paul's Parish Hall under the auspices of Section B. Members of the Woman's Auxiliary and others interested are cordially invited.

Rev. Professor Tucker, of the Seminary, will address the Young People's meeting of St. Paul's Church on "Fellowship" Sunday at 6 p. m., and will preach in the church at the 8 o'clock service.

Mrs. Llewellyn Powell returned to her home on North Washington street yesterday, from the Alexandria Hospital, where she had her tonsils removed by Dr. F. M. Dillard Wednesday.

Mr. J. Fred Birrell advises all persons desiring to have their income tax returns prepared to see him at once. He has an office at 112 North Asaph street, phone 186, and is at his office in the evening from 7:30 till 9 o'clock, for the accommodation of those unable to call during the day. The time limit for the payment of income taxes is March 15 and all are advised to call as soon as convenient.

Mrs. Anna C. E. Titcomb, wife of James M. Titcomb, died yesterday afternoon at her residence, Washington Avenue, Mt. Ida, Arlington county. The funeral arrangements have not yet been completed.

Only twelve more days—two of which are Sundays—remain for the filing of income tax returns. L. B. Howard, of the Internal Revenue Office, urges everyone to make his or her return at the earliest possible date.

"Dream Street," one of David W. Griffith's latest productions will be shown at the Richmond Theatre today and tomorrow. It is known as a dramatic comedy and is a tale of romance and love and laughter and has all the distinguishing characteristics of a Griffith production. The Ingomar has the Young Bill Farnum in "The Hellhound of the West," and the Idle Hour is featuring Tom Sanschi in another of his thriling outdoor picture.

The Old Dominion Boat Club team and the team of the Alexandria Light Infantry have ended their seasons. The High School team will finish its regular schedule in Manassas tonight when it meets the team from Warrenton to decide the Second District Scholastic Championship. A. H. S., still retains the city championship, which it won from the Dreadnaught team last year. The Old Dominion team has gone down before the High School team and the A. L. I. quint has not disputed the High School's claim, therefore, the High School keeps the title of "City Champions."

Mrs. Sophronia E. Ailstock, fifty-two years old, died yesterday afternoon at her residence, 1207 Prince street. She was the wife of Mr. Everett Ailstock and in addition to her husband she is survived by several children. The body will be shipped to Lilliboro, Va., for burial.

The members of Silver Moon Council No. 15, Degree of Pocahontas, are planning a real treat for the lovers of dancing, in the form of a novelty dance, which will be given at the Odd Fellows' Hall on Monday, March 20th, dancing from 9 to 12.

"The Four Horsemen of the Apocalypse," the picture that is now showing before capacity audiences in Washington, will come to the Idle Hour Theatre here March 17 for a two day run. In addition to this super film, featuring Rudolph Valentino, the picture will be accompanied with a special four piece orchestra.

On Friday evening, March 10th, in the Westminster Building, there will be a most delightful musical program presented by the Glee Club of the First Congregational Church of Washington, D. C., under the auspices of Mrs. Stephen Field's Circle of the Ladies Auxiliary of the Second Presbyterian Church. There are sixty-five members of this Glee Club, all of whom have been trained under fine leadership. It is expected that the entire Club will take part in this entertainment, and a most excellent program is anticipated. The ladies in charge of this entertainment are expecting a capacity audience, and tickets are being prepared for sale now.

Cuba has a vast surplus acreage of agricultural lands, mineral lands, timber lands and cattle lands utterly untouched.

THURSDAY, MARCH 3, 1814.

THE SUBSCRIBER

RESPECTFULLY informs his friends and the public generally, that he has opened Tavern in that large and commodious House formerly occupied by MR. BAZIL BOWLING, in the Village of Piscataway, (Prince George's County) and solicits a share of the public's patronage. Having made the requisite arrangements, he flatters himself that he will be enabled to render satisfaction, to those who may favor him with their custom,

THOS. MacCUBBIN,
Eagle Inn, Piscataway, Md.

GIRLS! USE LEMONS TO WHITEN HANDS

Press the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter-pint of harmless and delightful lemon-bleach lotion to soften and whiten red, rough or chapped hands. This home-made lemon lotion is far superior to glycerine and rose water to smoothen the skin. Famous stage beauties use it to bleach and bring that soft clear rosy-white complexion, because it doesn't irritate.

IS YOUR CHILD SICK AND AILING?

Give It Gude's Pepto-Mangan—For Thirty Years Doctors' Favorite Tonic

Children that grow too fast and play too hard or perhaps work too hard at school (oh, yes, some children do work hard at school) become pale and a little run-down, and then mothers and fathers become worried about them. The youngsters do not eat with their usual big appetites, and so they become thin and tire out easily. There is a simple and good remedy for this. It is Gudes Pepto-Mangan, the tonic rich in a certain form of iron that is readily absorbed by the system. Gude's Pepto-Mangan will soon put the color back into the children's cheeks and give them the kind of an appetite every mother loves to see. It is sold by druggists in two forms—liquid and tablet—and is absolutely safe to give to any child. Ask your home doctor what he thinks about Gude's Pepto-Mangan. Advertisement.

Bible Thought for Today

As he thinketh in his heart, so is he.—Proverbs 23:7.

Norfolk—W. S. Moye, of Rocky Mount, N. C., was electe dpresident of the Virginia League here tonight after a session of 9 hours, which began in Newport News at 2 o'clock this afternoon, when he received a unanimous vote of the representatives from the six cities comprising the circuit.

C. Moran Barry, of Norfolk, was elected vice president by the same vote which placed Mr. Moye at the head of the league.

The election of Mr. Moye came on the eighteenth ballot.

WASHINGTON DAY BY DAY

(Continued from Page One.)

and Secretary of the Treasury. Kentucky has approximately 24,000,000 gallons of whisky stored in bond, Pennsylvania, 6,600,000 gallons and Maryland about 3,000,000 gallons. The tax paid withdrawals of whiskey for medicinal purposes approximated 140,000 gallons in the month of December 1921. This is at an annual rate of less than 2,000,000 gallons a year."

Haynes said there are 304 distillery, general bonded, and special bonded warehouses now in the United States. There are 124 government bonded warehouses that contain less than 100,000 gallons each.

The nomination of Dr. Hubert Work, at present First Assistant Postmaster General, to be Postmaster General to succeed Will H. Hays, has been sent to the Senate by President Harding. Incidentally, such action pleases the patronage grabbers in the Republican party. Senators and Representatives in the Republican ranks to a man endorsed Dr. Work as Hay's successor. Work is known to feel that every postoffice in the country should be filled by Republicans, irrespective of whether or not the Democratic incumbents have been efficient or otherwise. Merit will make no difference to him and he will be known as the official "headsman" of the Republican administration. Democratic appointees who are still holding office need expect little if any consideration at the hands of the new head of the Postoffice Department. It will be his one aim to create in the Postoffice Department a Republican machine which will be used in future work during campaigns and at elections. The appointment of Dr. Work is heralded with much glee by all patronage grabbers in the Republican party for they see in him a "friend at court."

Jewish Relief Drive

Error Made in Reporting Amount Collected

Through an error it was reported yesterday that the amount collected for the Jewish relief drive in Alexandria to date was $1,300. It should have been stated that the amount collected is $700, leaving $1,300 still to be raised to complete Alexandria's quota of $2,000.

As stated, contributions will be received by L. Ruben, chairman of the committee, or J. T. Preston, treasurer, care of the Chamber of Commerce.

WOMEN MEN ADMIRE

Men admire a pretty face, a good figure, but more than all a buoyant disposition and the charm of happy content. There is no question but what a light-hearted woman is the joy of a man's life, but no woman can be happy and joyful when dragged down by the ailments that so often develop headaches, backaches, nervousness and "the blues."

We are continually publishing in this paper letters from women who have been restored to health by Lydia E. Pinkham's Vegetable Compound after doctors and other medicines have failed to help them. If you are ill why not give it a trial.

Your Husband's Happiness

often depends on a good breakfast. One reason for the popularity of Karo. Always delicious, full of nutrition—at lowest prices. For children: Karo on sliced bread.

Do you know how delicious these are—
Buckwheat Cakes

4 cups Buckwheat Flour, 2 teaspoons Salt, ½ cup Argo Corn Starch, ½ Yeast Cake, 1 tablespoon Karo, Blue Label, ½ cup Warm Water, 2 cups Warm Water, 2 tablespoons Mazola, ½ teaspoon Soda

Add Karo and yeast to the one-half cup lukewarm water and when dissolved add to the two cups lukewarm water. Sift together buckwheat flour and cornstarch and add to liquid. Beat thoroughly and set away in a warm place to rise over night. In the morning add two tablespoons Mazola, salt and ½ teaspoon soda. Beat thoroughly and bake on a hot griddle oiled with Mazola.

Goodbye Boils!

Are you "up to the neck" in blood impurities? S. S. S. is one of the greatest blood-purifiers known. Try it.

S. S. S. Will Rid You of Boils, Pimples, Blackheads and Skin Eruptions.

A boil is a volcano,—your blood is so chuck full of poisons that these "boil" out into a boil. They'll keep "boiling up" until you destroy them completely by the use of S. S. S., one of the most powerful blood-cleansers known to science. S. S. S. has stood the test of time. The power of its ingredients is acknowledged by authorities. Its medicinal ingredients are guaranteed to be purely vegetable. Right off, it clears the skin of pimples, boils, blotches, blackheads, acne, eczema, rash and other skin eruptions, and does it thoroughly. It drives out of the blood impurities which cause rheumatism, makes the blood rich and pure builds up lost flesh. It helps to manufacture new blood cells,—that's one of its secrets. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

BABY CARRIAGE

In good weather a young baby who has not yet learned to pull himself up may be left in his carriage or his crib on the porch or under the trees in the yard near enough for his mother to watch him and hear him if he cries. When he begins to creep a little a pen or fence that can be folded up and put away when not in use is of great convenience in taking care of him. A clean rug or quilt placed on the porch or in the yard with the fence around it makes an ideal place for him to play safely in the open air.

The choice of a carriage for the baby is a very important matter many people are apt to neglect. A great many mothers consider only which kind of a carriage looks prettiest without taking into consideration the fact that baby's comfort and health are involved in the selection.

Small stiff go-carts are uncomfortable for the baby and they are so close to the ground that he sits in the cold air current and has dust and germs blown continually about his face, both of which are very unhealthful. A baby cariage should be at least two feet high, stand on four wheels and have well balanced springs for the baby's comfort. It should also have a top that can be adjusted to protect the baby from the bright sun and the wind.

Metal is the most sanitary material for a baby carriage as it is the most easily washed, and there are very handsome carriages being made now of plain metal enameled white so that nothing of daintiness or beauty need be sacrificed to sanitation. Wicker baby carriages, while pretty, are ideal receptacles for dust and germs, and even the most concientious nurse can hardly keep them clean.

Despite the popular belief that golf originated in Scotland, investigators have become convinced that the game originated in Holland.

NOTICE

The Washington-Virginia Railway Company has filed a petition with the State Corporation Commission of Virginia, asking that it be allowed to consolidate the three ticket offices now maintained by it in the city of Alexandria, Va., into one ticket office, at the northeast corner of King and Columbus streets.

The State Corporation Commission will, after the publication of this notice for three weeks fix a date when any one interested may be heard in its court room in the city of Richmond.

Should this consolidation become effective, round-trip tickets will be sold on all trains at the same price as in the office.

Several manufacturers and jobbers have co-operated to enable us to give some unusual values in these extra specialties. There's at least one for every day of the BIG RED TAG SALE. See them in our window

18 DAYS LEFT IN THIS SALE
Bargains All Next Week

Household, hardware, stationery, sporting goods, etc., and the many lines that we handle along with other commodities are slowly declining in prices. We have always passed the reductions to our customers as rapidly as wholesale quotations fall, and shall continue to. But, in order to move about $15,000 overstock, we have cut prices throughout the store far beyond any reductions likely to come for a long time.

Prices have been cut to the point where buying is inevitable at

REVENUE REGULATIONS

Superseding Regulations 45 relating to the same taxes under the Revenue Act of 1918, Regulations 62 relating to the income tax and war profits and excess profits tax under Titles 2 and 3 of the Revenue Act of 1921 have been issued by the Bureau of Internal Revenue. A copy may be obtained upon request of the office of Intrnal Revenue, J. C. Noel, fic of Internal Revenue, J. C. Noel.

The book is divided into four parts; part 1, income tax on individuals; part 2, income tax and war profits and excess profits tax on corporations; part 3, administrative provisions; part 4, definitions and general provisions.

A Convenience Your Employes Will Appreciate

Business men who are considerate to their employes find that such a course re-acts to their own benefit. Perhaps your employes have long felt a need for a convenient, safe place to keep their clothes and other necessities. Steel Lockers will solve this problem ideally.

Steel Lockers have beauty, strength and endurance. Their built-in conveniences will delight the users; their staunch, long-wearing qualities will more than satisfy the owner. Equip your office or factory with steel Lockers—see them on display at our showrooms today.

Well Bet You Two Sacks of Feed

"You'll get more milk or better milk *and make more money* on a cow fed four weeks on Ce-re-a-lia Sweets." That's our bet. If we lose, we pay back every cent the feed cost.

YOU can't lose, so why not have us deliver two sacks of Ce-re-a-lia Sweets for the trial, right off?

In short and long tests, Ce-re-a-lia Sweets proves its economy every time. Milk checks increase—feeding costs shrink.

No danger of having your cows go "off their feed" on Ce-re-a-lia Sweets. They crave its variety of good cereals, its sweet flavor. They digest Ce-re-a-lia Sweets better than average feeds and show their appreciation in the milk pail.

Get details of four weeks' trial today.

EDITORIAL
Greater Alexandria

This week we sold and delivered a set of dishes to a customer in Berwyn, Md., she having purchased it here because as we were advised our price for the same pattern and quality was less than either Baltimore or Washington. Quite a compliment isn't it? Sounds good for the city, and yet there are hundreds of persons residing in this town who never go into a local store to see what the local merchant has to offer or price his wares.

Appealing to your sense of fairness and civic pride, and all things being equal, give your local merchant the first chance, and when once you get the habit of "Buying in Alexandria" and keeping your dollars at home, you as an individual are helping to make this a bigger business center, and contributing in no small measure to one of the most vital factors dealing with the realization of a "Greater Alexandria."

Signed Irvin Diener.
